TRANSFORMATION OF THE BARNUM BLAKE BUILDING AT 205 N. FRANKLIN STREET

Jackie Oleson

Have you been by the building on Franklin St. and peeked in to see what is happening? It has been amazing to see the changes occurring.

Work began in August and continued through September and October with volunteers clearing out the inside of the building. Volunteers continued helping throughout the weeks and months by pulling nails and staples, painting, laying down paper to cover the wood floor, putting in ceiling tiles, laying a ceramic floor in the ADA bathroom, restoring the wood stairs, installing wood floor trim, and doing countless mundane things like sweeping the floor and picking up debris left from the construction.

A hard working group of contractors have done an amazing amount of work in less than three months. The building now has a new roof, HVAC systems, electrical system, plumbing, carpeting, painting, lighting, doors, and ceilings. Plaster walls and the main level wood floor have been restored. A new ADA bathroom, two furnace rooms, a utility closet, a textile closet, and board room have been created. The upper façade has been uncovered and new windows installed.

Along the way, contractors found ways to help keep costs down, whether it was through donations of materials or labor.

Phases I and II of the building plan have been completed because of the generosity of many. Over 150 donors have made it possible to create a resource center, office, and exhibit area by donating over \$360,000, as well as

President's Message

Dear Members,

When you receive this newsletter we will be in the final days of getting ready for our move, which is slated for January 16-19, 2013. This has been long awaited and anticipated with some uncertainty as to whether work would be completed in time and whether we would have sufficient funds. We have been fortunate to have the support of many and the dedication of volunteers and contractors that have made it possible.

In just five months the Blake building at 205 N. Franklin has been transformed into a home for the PW Historical Society, where we will have our office, a resource center, a meeting area for the Board of Directors, an archival area, and exhibit space. Most importantly it gives the Society a permanent location from which we can continue the mission of preserving the past and educating visitors and community alike.

As a Society we look forward to 2013 and the creation of a museum in what was the Henry and Hill Building or, for a period of time, the Business Men's Club, at 118 N. Franklin Street. An architectural plan has been developed, utilizing all three levels of the building. A Museum Advisory Board has been working hard to bring the museum to life.

The museum will include changing exhibits of local history — the businesses, families, and individuals that make our community so unique and interesting. An area for small gatherings will be created and available for members' use. A special focus will be on making history real to children and their families and providing a connection to our fantastic 1860 Light Station.

With two buildings in the downtown area and the 1860 Light Station nearby, the Society seeks to become a more active and contributing partner within the community. We can be a significant presence that creates more reasons for citizens and tourists to visit our historic downtown and return again and again.

As in so much of what we do, volunteers are a vital component. There will be countless opportunities to make a difference, whether it is at the Light Station, the Resource Center, or the new museum. Please join us in these wonderful adventures as we begin a whole new chapter for the Port Washington Historical Society.

Jackie Oleson, President

PW Historical Society Board of Directors

NEED A PRESENTATION?

A power point program has been put together on the progress of the Blake building and future museum in the Henry and Hill building. It gives a brief history of each building and marks the changes in adapting the buildings for a new purpose through many slides and commentary. The presentation is available for organizations looking for a 30-40 minute program. Contact Jackie at 262-284-9223.

COMING SOON: A MUSEUM FOR PORT WASHINGTON

Jackie Oleson

The museum will be located in the Henry & Hill building or what was part of, in recent years, the M&I building. For a short period of time the building was the Business Men's Club, a social club for merchants and manufacturers of Port Washington.

The Museum Advisory Board has been working hard to bring the museum to life. Committees involved with the execution of the museum are: Marketing, Development, Personnel, Museum Space Use, Educational Programming, and Business Operations. These committees are comprised of Advisory Board Members, PW Historical Society Board Members, Society members, and individuals from the area. This is a huge undertaking, but shared by numerous dedicated volunteers, it will give new purpose to a building that

was to be demolished and can now become the means to share the history of the area.

Advisory Board members include:

Bill Moren, Chair	Dan Benson
Wayne Chrusciel	Bim Lemahieu
Mark Schowalter	Melissa Suddendorf
Lynde Uihlien	

Work on the museum at 118 N. Franklin Street is slated to begin in January, with occupancy in October.

2013 BOARD OF DIRECTORS

At the Annual Meeting held at the Wilson House in October, the six candidates presented by the Nomination Committee were unanimously elected by those present. Three of the candidates were returning Board Members Jackie Oleson, Grace Eernisse, and Michele Weiland. The new members are Jeff Morgan, Bill Schanen, and Deb Neulreich.

At the November Board Meeting the Board Members determined the transition of the terms so that each year four Board Members' terms would expire. This was accomplished by drawing names from the six newly elected members.

The Board also elected officers for the coming year, unanimously choosing to retain the present officers.

The terms and offices of the Board are as follows:

Kathie Gordon, Secretary	2013 (2nd term)
Mike Keller	2013 (2nd term)
Pat Moren	2013
Michele Weiland	2013 (2nd term-1 year)
Sue Bruner, Treasurer	2014 (2nd term)
Mark Dybdahl	2014
Grace Eernisse	2014 (2nd term 2 years)
Lee Schlenvogt, Vice-Pres.	2014
Jeff Morgan	2015
Deb Neulrich	2015
Jackie Oleson, President	2015 (3rd term)
Bill Schanen	2015

PW HISTORICAL SOCIETY 2013 BUDGET

The budget for 2013 reflects the many changes that are occurring within our Historical Society. With that in mind, the format of the budget is changing to reflect more of a business orientation.

The Society is transitioning from supporting one building to three buildings by the fall of 2013. One of those buildings is the museum that will be located at 118 N. Franklin St. With the development of a museum, the Society will employ an executive director who will oversee the management and promotion of the museum and eventually be involved with all three buildings. With a museum that is open year round, with changing exhibits, and with space that can be rented, it is critical to have someone who will be responsible for keeping our Society cohesive and have the necessary knowledge to help our Society grow.

The museum is expected to help generate increased membership and income, as well as interest and attendance at both the Light Station and the Resource Center. Marketing will be directed toward all three buildings and emphasize the individual focus of each.

The heart of all three buildings will continue to be the volunteers that assist, staff, and do the many tasks neces-

sary to keep the Society functioning. We will continue to be a volunteer organization.

donating fixtures and the cost to replace the west windows.

Phase III will involve the restoration of the front façade, replacing inefficient lower windows, restoring the door to its original location, and bringing the building's character back to the turn of the century. The challenge is to raise the additional funds to complete this phase by early summer. Costs are estimated to be between \$30,000 and \$40,000. Please consider assisting — all donations,

large and small, are appreciated and help get the task done.

Several exhibit areas on the main level of the building are available for sponsorship. If interested, please contact Jackie at 262-284-9223.

Later this spring the Board of Directors will have an Open House to celebrate our new location. Watch for details in the spring newsletter. And of course, please stop in anytime to check us out at 205 N. Franklin Street, our new location as of February 1, 2013.

Sadly, our dedicated, full-time Light Station greeter, Mrs. Helen Nenn, passed away in late autumn and we will miss her greatly. Helen had been cheerfully greeting our visitors to the LS since we first opened for business 10 years ago. Only failing health kept her from being with us this past summer—her spirit was definitely willing. We were fortunate to have several others step in to help fill her shoes.

RESTORATION OF BLAKE FAMILY OILS

Jackie Oleson

In 2011 the PW Historical Society was given the gift of two oil portraits, that of Barnum Blake and his daughter, Louisa Blake Bostwick, by the family of Howard B. and Sophia A. Bostwick.

Barnum was an early businessman to Port Washington in the mid 1800s. He built several buildings in downtown Port Washington, one of which is the 1852 building that the Society purchased and has been rehabbing for our offices and Resource Center.

The oil paintings were in need of restoration. The Society applied for and received a grant of \$1,000 from the Kohler Foundation, Inc. to cover the cost of having

the oils professionally restored. Barry Baumann from Chicago is a well known restorer of art and will be doing the work. The oils are due to be completed by spring of 2013.

A gift from Allon Bostwick has also made it

possible for a reproduction to be made of the historic Civil War photograph of Edward Blake and the flag he carried during the War between the States. All three portraits will be displayed in the Resource Center. Our thanks to the Kohler Foundation and the Bostwick family for their generosity that will enable us to display these pieces of history in the restored Blake building.

JOIN US IN "CEILING THE DEAL!"

No, that is not a typo, but rather a play on words. The PW Historical Society is promoting a new way to help "seal the deal" for the restoration of the Blake building at 205 North Franklin Street by asking folks to sponsor a ceiling tile. This will raise funds for the restoration of this

wonderful old building, which was built in 1852.

Donors may sponsor a large 4-square tile for \$1000 or one square of the tile for \$250. Donors will receive a proclamation from the Society (suitable for framing). Donors' names will also be placed on a plaque that will be displayed at our new location once we are settled in. Help us attain our goal by "ceiling the deal."

YES! I would like to help "ceil the deal" by sponsoring a ceiling tile in the building at 205 N. Franklin.

- ☐ I would like to sponsor a large 4-square tile. My donation of \$1000 is enclosed.
- ☐ I would like to sponsor a small single-square tile. My donation of \$250 is enclosed.
- ☐ I am unable to sponsor a tile at this time but would like to contribute _____ to the Capital Campaign.
